HEALTH (RESIDENTIAL SUPPORT SERVICES MAINTENANCE AND ACCOMMODATION CONTRIBUTIONS) (AMENDMENT) REGULATIONS 2022.

These Regulations amend three Schedules to the Health (Residential Support Services Maintenance and Accommodation Contributions) Regulations 2016 ("the Principal Regulations") by adjusting upwards, by €5, the weekly income bands which determine the amount of the contribution a recipient of "residential support services" (as defined in section 67A(1) of the Health Act 1970) is required to make under the Principal Regulations. The main effect of these amendments is that a social welfare payment recipient is not required to make an increased contribution under the Principal Regulations where the relevant social welfare payment rate increases by €5 in January 2022. These Regulations also include a transitional provision ensuring that specified social welfare payment rate increases, which come into operation between 3 January 2022 and 7 January 2022 inclusive, will not trigger contribution rate increases during that period. The income band adjustments provided for in these Regulations come into operation on 7 January 2022.

2. In this Notice:

“CECAF” means the Committee for the Eastern Central Atlantic Fisheries;

“ICES” means the International Council for the Exploration of the Sea;

“Union waters” means European Union waters. Where this term is used in conjunction with an ICES or CECAF sub-area or division specified in Schedule 1, Schedule 2, Schedule 3, Schedule 4 and Schedule 5, it means that only the European Union waters of that sub-area or division are included;

“length” means, in relation to a sea-fishing boat, the overall length of the boat, or the distance from the forepart of the stem of the boat to the aft side of the head of the sternpost of the boat or to the foreside of the rudder stock;

“fishing trip” means any voyage of a sea-fishing boat during which fishing activities are conducted that starts at the moment when the fishing boat leaves a port and ends on arrival in port;

The catch limit(s) for that species/those species in that fishing area/those fishing areas set out in Schedule 2 of this Fisheries Management Notice are not available to that Irish sea-fishing boat during the fishing period;

“catch, retention and landing restrictions” mean the total quantity, in tonnes, of that species of fish in column (1), a quantity of which, greater than that specified in column (3) may not be landed by an Irish sea-fishing boat, dependant on the particular boat’s length and/or fishing method and/or whether the boat has been issued with a demersal authorisation for that species/those species of fish in that fishing area/those fishing areas during January 2022;
